

# Children's Services In Sunderland

## Locality Based Integrated Working

A toolkit for Practitioners and Managers (inc. Schools) to develop integrated working to support outcomes for Children, Young People and their families.

## Foreword

The Children Act 2004, Section 10 places a duty on statutory organisations through Children's Trust arrangements to develop integrated working.

This duty expresses the need to **improve child wellbeing, maximise resources and co-ordinate activities** to ensure **integrated planning, processes and front line delivery** are developed.

In Sunderland we already have strong working relationships and effective partnership arrangements in some areas of practice. These are evidently built on integrated working arrangements with a strong vision and agreed aims of what is required, that have resulted in the achievement of positive outcomes.

The benefits and opportunities that Locality Based Integrated Working (LBIW) can provide now need to be realised and developed in all areas of practice, whether this is through both co-location and a network of service partners working daily in localities or through specialist services delivering in localities when needs arise.

Sunderland has been successful in securing and providing preventative and early intervention programmes for a number of years; Children's Centres, Extended Services (in and around schools) and Targeted Youth Support. Building on the vision of 21<sup>st</sup> Century Schools these 3 programmes offer a vehicle to deliver a core offer of services for all Children, Young People 0 to 19 years (25 yrs SEN) and their families.

This toolkit (edition1) starts to identify a range of services that are currently available to support the Every Child Matters Outcomes, and how to access them. It also begins to identify the developments in Structure e.g. Governance arrangements, and Processes e.g. Common Assessment and Framework etc, that will develop and underpin integrated working.

Over time, through subsequent versions of the toolkit a continuum of support will be identified; from early intervention and preventative services to more specialist intensive provision if needs of families increase. It is expected that this support should also be accessed in reverse as needs dissipate, thereby sustaining outcomes.

Councillor Pat Smith  
Portfolio Holder for Children and Learning City

## Introduction

This is the 1<sup>st</sup> edition of the toolkit to support an understanding and working knowledge of Locality Based Integrated Working (LBIW). It will be updated regularly as working arrangements i.e. structures, processes and working practice develop and progress is made. It is intended to develop alternative ways of producing the toolkit, particularly the “Guide to Services” section, to make it more accessible e.g. electronic versions.

LBIW will be developed across 5 locality areas (see map figure 1)

- North Locality
- East Locality
- West Locality
- Coalfields Locality
- Washington Locality

These localities have been agreed to support planning and reporting arrangements and are co-terminus with Sunderland City Council regeneration areas. This is expected to support identification of needs across a number of national (NI's) and local indicators to deliver differentiated support that local communities need.

It is recognised that effective working relationships already exist e.g. School cluster arrangements, and therefore locality boundary areas are not expected to hinder this work, but rather enhance working relationships with additional services. Services from across Health, Social Care, Education and Community sectors combining to support Achievement and Wellbeing, Social Inclusion, Community Identity and Service User participation and engagement.

Children's Services have produced 5 versions of this toolkit to represent the locality areas.

All five versions of the toolkit contain the same key information with alternative “Guide to Services” to reflect local service provision and contact details. All versions are available to anyone working across the City.

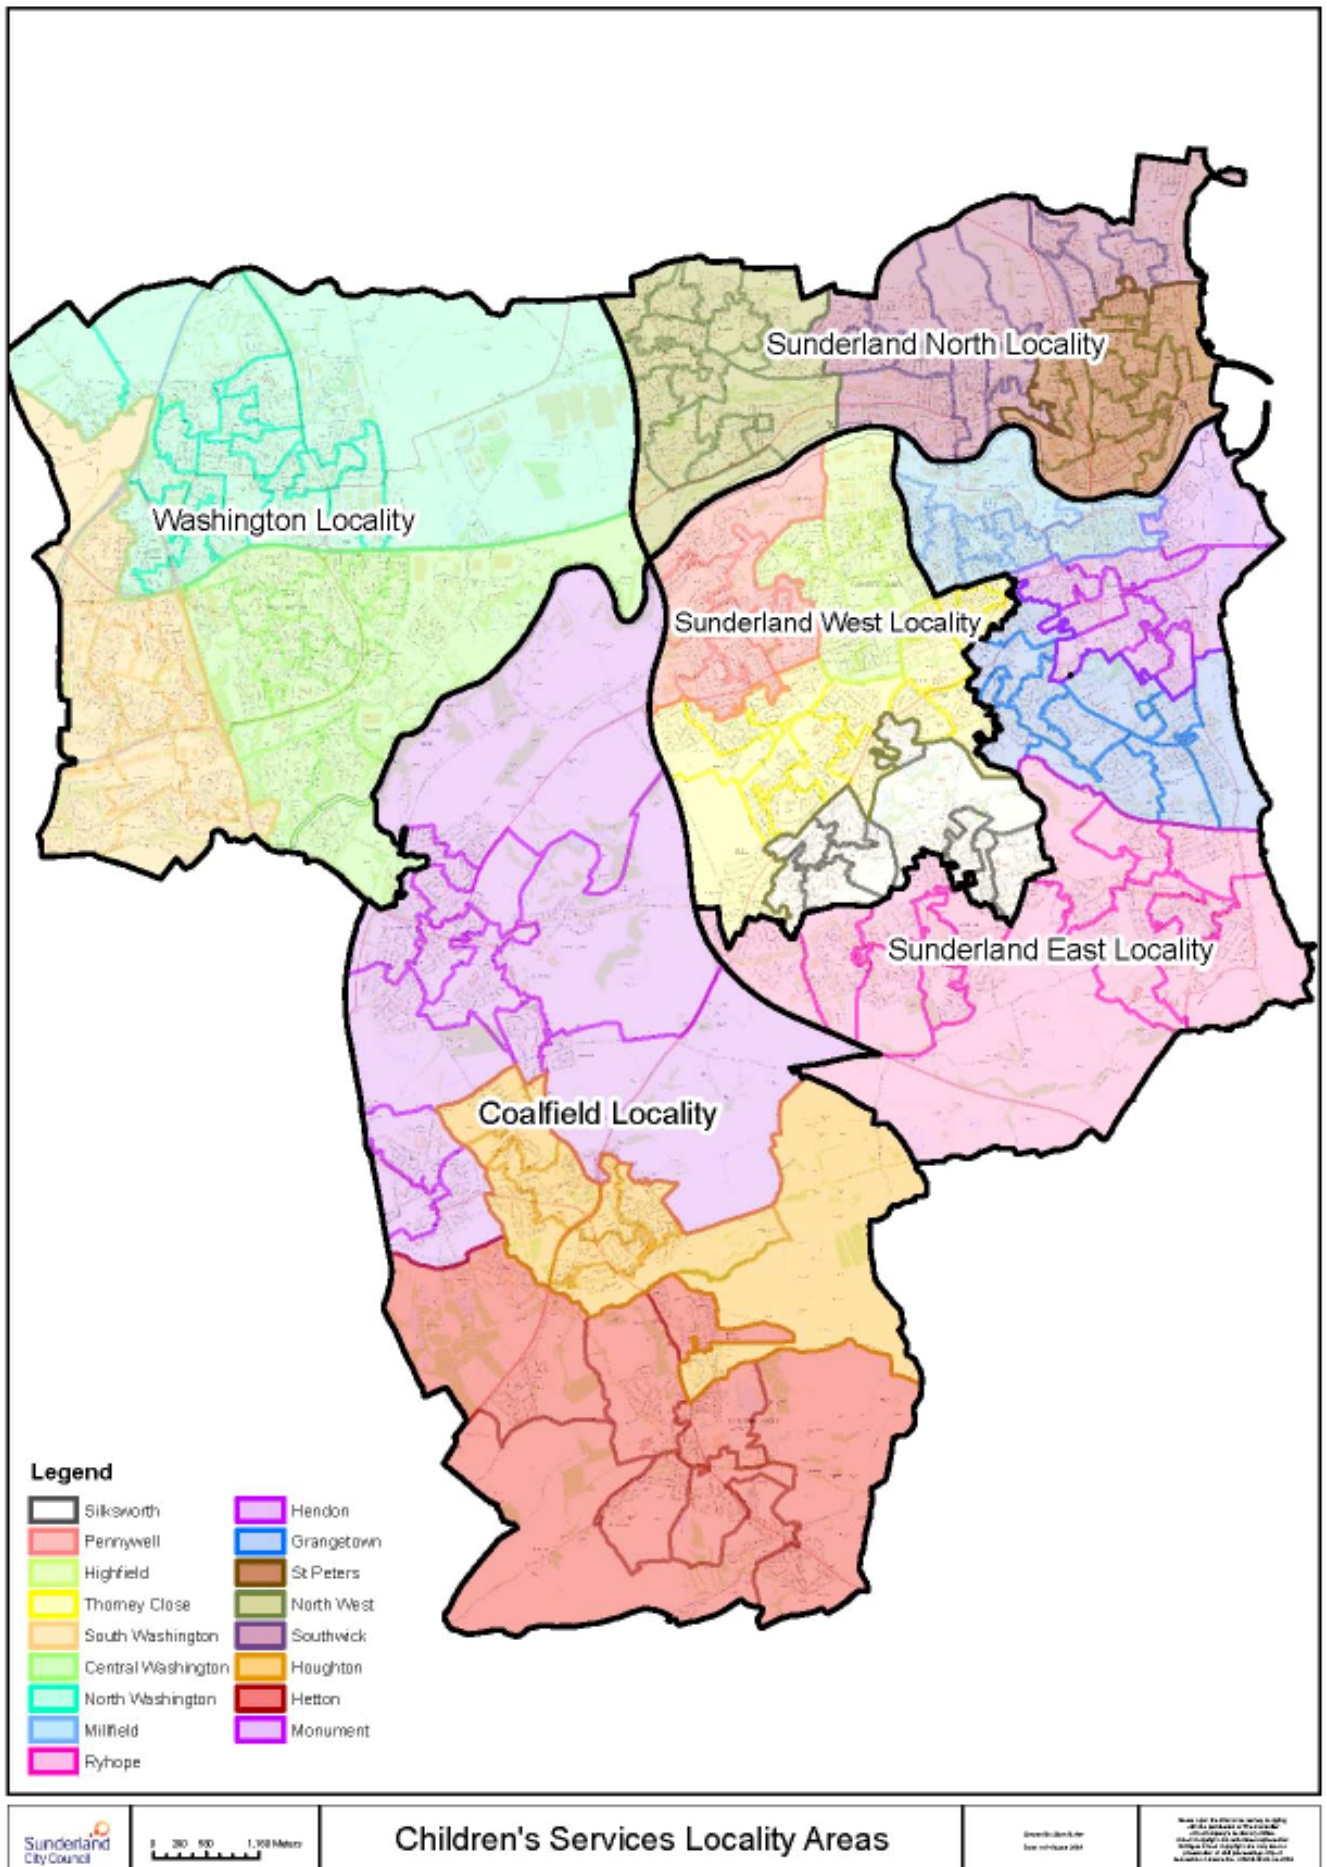

This first edition of the toolkit has 3 main aims.

- Provide information on Governance and programme development arrangements for integrated working
- Provide information on key services available to support Children, Young People and their Families
- Provide some clarity of how to engage and access services to support the needs you have identified through your assessments

Although the information in the “Guide to Services” is correct as of November 2009, it is not intended to be exhaustive and will be regularly updated and improved as more services become available and providers become co-located or join the network of services.

If you have any comments to make or any questions about the toolkit, LBIW arrangements or the services and access routes we would like to hear from you, as this helps us to improve both our communications and working relationships.

Figure 1 – Children’s Services Locality Areas

## Locality Contacts

To support effective working across the city within localities we have five Locality Services Co-ordinators, one for each area. If you have any questions or need support with Locality Based Integrated Working please contact them directly.

**Your locality contacts are:**

<b>Name</b>	<b>Title</b>	<b>Contact Details</b>
Geraldine Marin	Locality Services Co-ordinator – Washington	Rainbow Family Centre 34 Elliot Terrace Concord Washington NE38 0LN  Tel: 0191 2193262 Mobile: 07765 610166
Gill Wake	Locality Services Co-ordinator – Coalfields	Hetton School North Road Hetton let Hole DH5 9JZ  Please contact Central Business Support on 0191 219 3431
Kevin Knapp	Locality Services Co-ordinator – North	Monkwearmouth School Torver Crescent Sunderland SR6 8LG  Tel: 0191 5535555 ext 219 Mobile: 07968 390315
Marie Roberts	Locality Services Co-ordinator – West	Farringdon Community School Sports College Allendale Road Sunderland SR3 3EL  Mobile: 07717 881607
Jane Moran	Locality Services Co-ordinator – East	Hendon Health Centre The Place Hendon Sunderland SR1 2LR  Mobile: 07827 348587

## Developing Locality Based Integrated Working (LBIW) – Programme Development

A project board has been established to develop Sunderland's approach to LBIW to ensure significant progress is made in the coming year by:

- Establishing the levels and degrees of integration the Children's Trust needs to consider, to best support Children, Young People and Families differentiated needs.
- Developing working arrangements, where appropriate, with other key thematic partnership boards to avoid duplication of work and to maximise resources.
- Ensuring the effective implementation of an agreed operating model for the Common Assessment Framework to support identified needs, promote outcomes and maximise impact of services
- Identifying training and continuing professional development opportunities to support all practitioners across agencies with skills and knowledge needed to work in an integrated framework

This project board will work on behalf of a new Citywide Management Board for LBIW prior to it being established to develop the LBIW programme, (see figure 2)

### LBIW Project Board Membership:

Name	Designation	Role in LBIW Programme
Keith Moore	Deputy Executive Director of Children's Services	Project Executive and Chair
Sandra Mitchell	Head of Service - Performance and Planning	Project Director
Val Thompson	School Place Planning Manager	Project Manager
Judith Hay	Head of Service – Positive Contribution and Economic Wellbeing	Board Member
Lynda Brown	Head of Service – Standards and Quality	Board Member
Meg Boustead	Head of Service - Safeguarding	Board Member
Marc Hopkinson	Health Improvement Lead	Board Member
Kath Butchert	Youth Development Manager	Interim Board Member
Dave Thornton	Headteacher – Farringdon Community School Sports College (Schools Representative)	Interim Board Member
Sarah Nordstrom	Headteacher – Easington Lane Primary School (Primary School Representative)	Board Member

## **Governance Arrangements for Locality Based Integrated Working**

Figure 2 illustrates the Governance model to support the development of Sunderland's LBIW arrangements.

A Locality Steering Group (LSG) will be established in each of the 5 localities in May 2010. This is intended to support specific needs of each locality, as well as ensuring positive outcomes for individual children, young people and their families.

### **Locality Based Integrated Working (LBIW) remit of groups:**

#### **Citywide Management Board for LBIW**

Develop and Implement Sunderland's Approach to LBIW by:

- Establishing the levels and degrees of integration for the Children's Trust
- Developing working arrangements, where appropriate, with other key thematic partnership boards to avoid duplication of work and to maximise resources
- Ensuring the effective implementation of an agreed operating model for the Common Assessment Framework to support identified needs, promote outcomes and maximise impact of services
- Identifying training and continuing professional development opportunities to support all practitioners across agencies with skills and knowledge needed to work in an integrated framework

#### **Locality Steering Groups (LSG)**

Consider how local service delivery is meeting the needs of children, young people and their families generally, with a specific focus on:

- Monitoring outcomes for individual children and young people
- Engagement of services in LBIW arrangements and specifically the Common Assessment Framework
- Identification of local needs and service capacity to inform future commissioning arrangements
- Local performance targets to deliver City priorities and National Indicators

#### **Locality CAF panels**

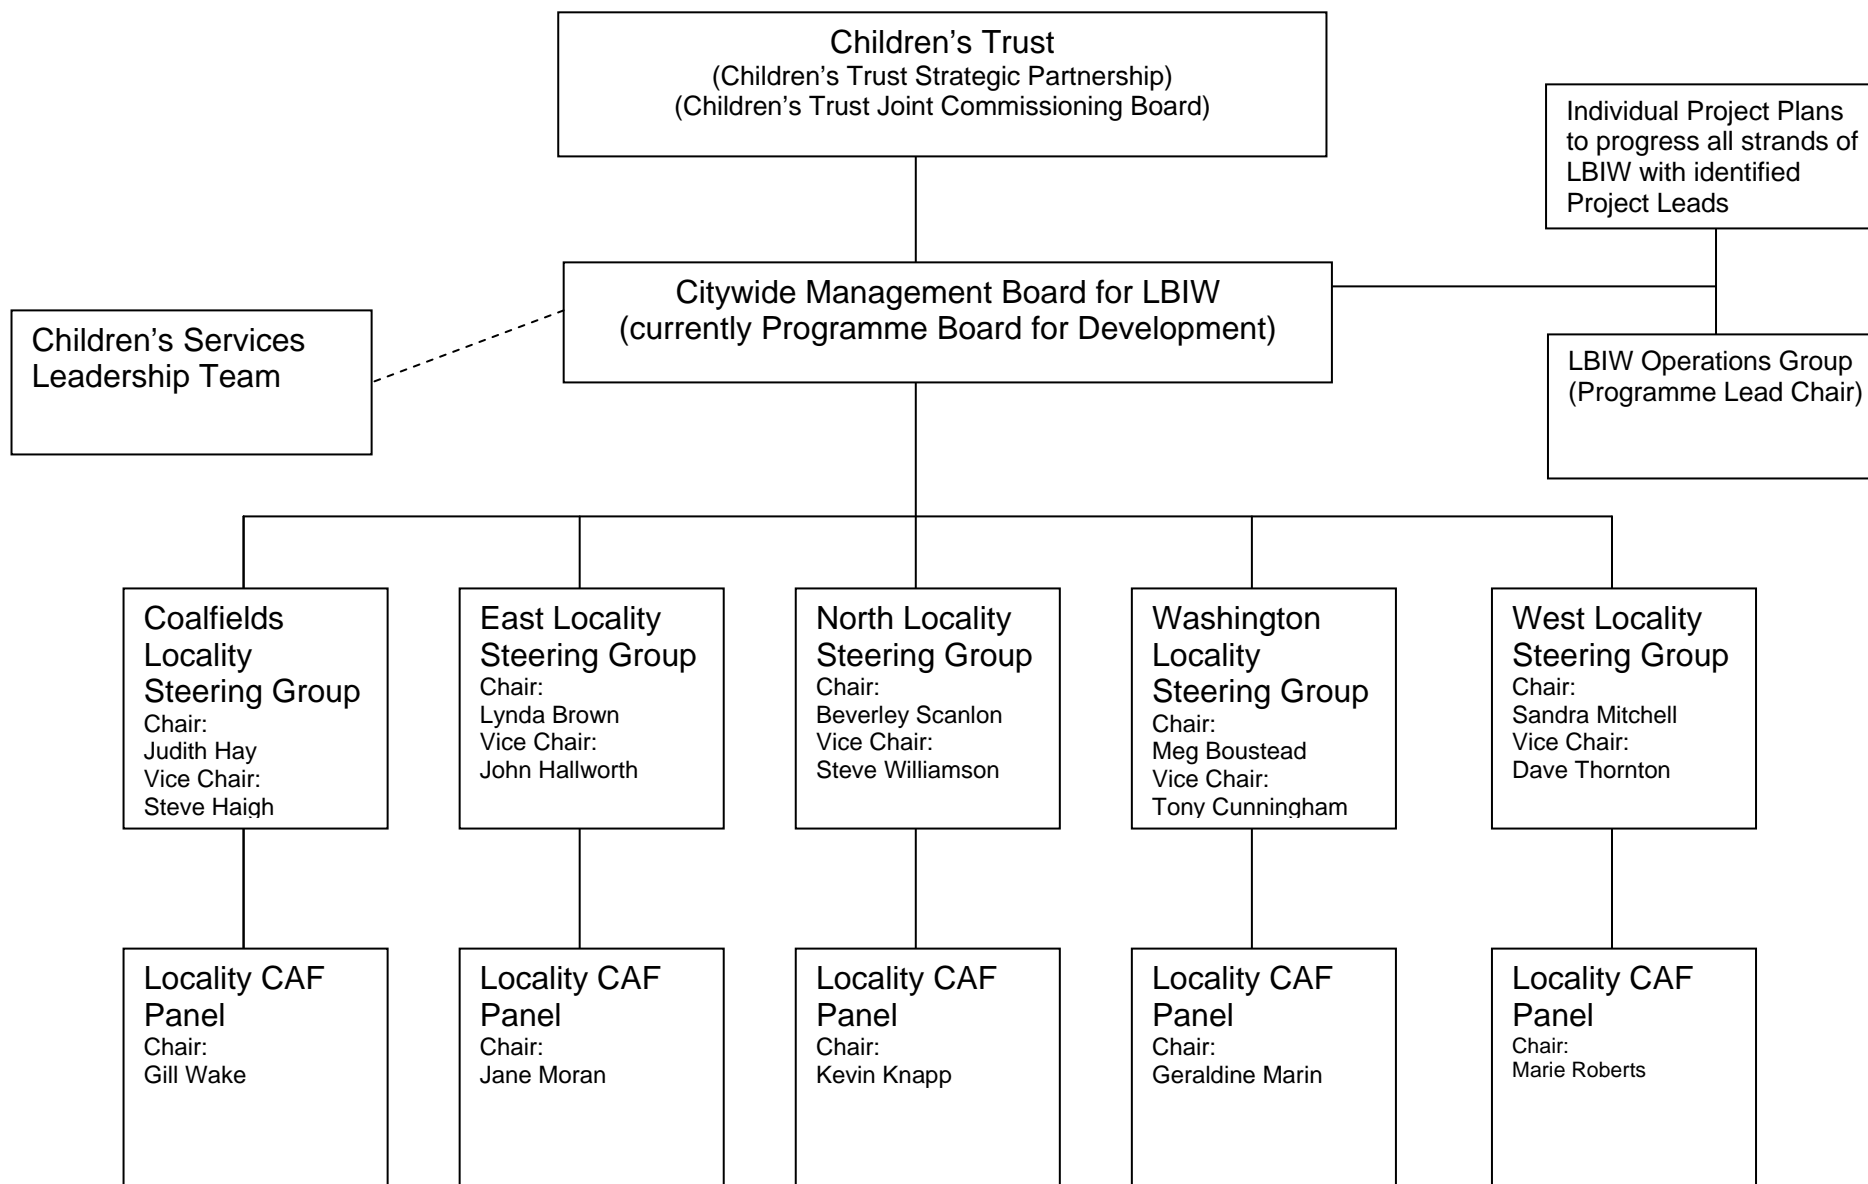

- Support the allocation of services to identified needs for individual children and young people
- Monitor and review progress of multi-agency packages of support

#### **LBIW Operations group**

Support the operational delivery of the LBIW Transformation Programme through multi-agency co-operation, planning and implementation:

- Support partner agencies to fulfil their statutory duty to develop integrated working, including CAF
- Engage sector organisations in workforce development for LBIW
- Reporting to the LBIW Board with recommendations for the successful development of LBIW
- Support individual projects through agency representatives as required

## Locality Based Integrated Working Governance Structure

## Locality Based and Integrated Teams

Some integrated teams are already established and operate across the city to support either specific age ranges of children or specific identified needs e.g. Children's Centres 0 to 5 years and Youth Offending Service.

Locality Based Integrated Working in Sunderland will build on the principle and practice that individual host organisations deploy their resources where possible to be co-located, or deliver in the 5 identified locality areas in a co-ordinated model of delivery.

These services are expected to maximise the effectiveness of their provision at a universal level by accessing training and local networking opportunities to share experience and skills, as well as develop a working knowledge of other services to work more effectively together in local neighbourhoods.

Where children's additional needs are identified then these should be supported through an agreed operating model that makes use of a common assessment and Common Assessment Framework (CAF).

This approach supports individual agencies including schools, to benefit from the expertise of many staff across the spectrum of needs and develops knowledge and experience to make more effective assessments and judgements. It also provides the opportunity for swift and easier access to services, increases knowledge of what is available and reduces the potential for duplication of provision and waste of finite resources.

The services currently working within the City, co-located or working through locality bases are:

<b>Service</b>	<b>Location</b>
School Attendance Service	All Secondary Schools and Academies
Health Visiting	Children's Centres
Early Years Mental Health Service	Children's Centres
Child and Family Support Service	Children's Centres
Family Support Service	Children's Centres
Community Paediatrics	Children's Centres
Play and Family Learning Service (0 to 5 years)	Children's Centres
Midwifery Services	Children's Centres
Anti natal and post natal Smoking Cessation	Children's Centres

Connexions Service – Information Advice and Guidance	All Secondary Schools and Academies
Youth Offending Prevention Service	Currently moving into Locality Bases
Youth Drug and Alcohol Prevention	Currently moving into Locality Bases
Youth Sexual Health Service	Currently moving into Locality Bases
Youth Challenge and Support Service	Currently moving into Locality Bases
Local Families Information Service	Children’s Centres – Access to information of services for Children and Young People 0 to 19 years

## Key Contacts

Alongside the Locality Services Co-ordinators detailed on page 7 there are key contacts that can support you with information and advice on the 3 main prevention programmes within the City.

### Key Contacts in Localities for Children's Centres, Extended Services and Targeted Youth Support (Coalfields Locality)

Link to Services	Named Contact	Contact Details
Co-ordination of local Services	Gill Wake Locality Services Co-ordinator	Hetton School North Road Hetton le Hole DH5 9JZ  Please contact Central Business Support on 0191 219 3431
Children's Centres	Ania Caink Area Co-ordinator	Hetton Lyons Children's Centre Four Lane Ends Hetton Houghton le Spring DH5 0AH  Tel: 0191 5536735
Extended Services in and Around Schools	Karen Elstob Extended Schools Cluster Co-ordinator	Hetton Lyons Children's Centre Four Lane Ends Hetton Houghton le Spring DH5 0AH  Tel: 0191 5536735
Targeted Youth Support	Paul Wilson	66 Newbottle Street Houghton le Spring Tyne and Wear DH4 4GB  Tel: 0191 4432979

Over the coming months and year a number of other services will move into localities and will become co-located or operate within a network of services through agreed operating structures and processes.

## **Guide and access to Services**

The guide to services within the toolkit is designed to offer a menu of services currently available within the City of Sunderland and the means by which they can be accessed. A contents page is included to assist in the search for a particular service or intervention to support a particular need. Each entry includes a brief description of what is offered, a contact for further information, an access route and whether there is a cost implication. This is not an exhaustive list and further contributions will be included in subsequent publications of this directory.

Please note that if you require 2 or more services you must in the first instance consider completing a Common Assessment (CAF) which may lead to a multi agency “Team Around the Child / Family” meeting through the Common Assessment process.

Subsequent copies of the toolkit will identify how you will be able to make best use of the CAF and the support available to maximise its use to support the Children, Young People and Families you are working with.

For further information on the Common Assessment Framework contact the Business Support Team on 0191 219 3431.

## Directory of Services Contents (Coalfields Locality)

Index	Service Name	Age range	Page no
Anti-social behaviour	Challenge and Support team	0-25	18

## **Links to other useful websites:**

### **CAF and LP guidance**

The refreshed **CAF and LP guidance** is now available. This contains the updated CAF form, information about subject access requests, and a closer alignment to National eCAF.

The guidance can be downloaded from the link below:

<http://www.cwdcouncil.org.uk/integrated-working/integrated-working-guidance>

### **CAF form**

The **CAF form** itself was updated in Feb 2010 and this form should be used with immediate effect. This includes a new statement on information storage, and has 'mandatory' fields to align with National eCAF.

There are multiple versions of the form (Word, PDF) and you can download them from the link below:

<http://www.dcsf.gov.uk/everychildmatters/resources-and-practice/TP00004/>
